

Research Assistant position

University of Zurich,
Department of Business Administration

Division

The Professorship for Managerial Economics at the Department of Business Administration at the Faculty of Business Administration, Economics and Information Technology at the University of Zurich is looking for a **Research Assistant**.

Responsibilities

- Operational support within current research projects
- Gathering data through online searches and/or contacts with various Swiss educational authorities.
- Currently, this is a short term position. Our estimates suggest that it will be up to 200 hours in total. We would like the data collected as soon as possible. It is possible to divide the position into two.

Requirements

- Matriculated student (ETH, University), third year of the Bachelor or in an early Master
- Strong interest in technology and education
- Fluent in English, German and French
- High degree of responsibility and motivation
- Strong interpersonal and communication skills

We offer

We are experienced researchers working on state-of-the-art topics and offer you an insight into cutting edge research with the advantage of working under flexible hours.

Starting date

As soon as possible.
