

Research Assistant approx. 20%, on an hourly basis

Workplace

Department of Business Administration (IBW), Chair for Entrepreneurship,
Prof. Dr. Ulrich Kaiser, Plattenstrasse 14, 8032 Zürich;

<https://tinyurl.com/44s6wv8w>.

Responsibilities

Your task would be to support the Chair for Entrepreneurship in research. Importantly, it is expected that you will contribute to the further development of the startup monitoring tool www.startupmonitoring.ch e.g. by adding external data (e.g. patent data) and conducting text analyses.

- Additional topics on the task list include:
- Literature and data research
- Data assembly and data consistency checks
- Descriptive data analyses.

Requirements

Completed BA studies in management, economics, computer sciences or finance and enrollment as a MA student at UZH or ETH. Interest in innovation entrepreneurship research, the economics of innovation as well as in big data analytics.

Languages

Fluency in English and one of the three main Swiss languages.

IT skills

Excellent command of standard econometric software programs like R or Stata. Knowledge of Python is a plus.

What we offer

We are a small and highly productive team of researchers interested in the digital transformation, entrepreneurship and innovation economics.

We will pay the hour and expect a workload corresponding to a 20% employment.

Starting date

As soon as possible.

Applications

Please submit a *short* letter of motivation, your CV and your grades list to entrepreneurship@business.uzh.ch. Please send all documents in a single PDF and write "Research assistance" in the email reference.
